[The use of citizens' juries in health policy decision-making: A systematic review](#)

May 2014

Jackie Street | Katherine Duszynski | Stephanie Krawczyk | Annette Braunack-Mayer

Deliberative inclusive approaches, such as citizen juries, have been used to engage citizens on a range of issues in health care and public health. Researchers engaging with the public to inform policy...

[The changing contours of experimental governance in European health care](#)

May 2014

Katherine Fierlbeck

For over a decade, beginning in the late 1990s, discussion over softer modes of governance animated academic scholarship in the fields of law, politics, and public policy. This debate was especially...

[Sales impact of displaying alcoholic and non-alcoholic beverages in end-of-aisle locations: An observational study](#)

May 2014

Ryota Nakamura | Rachel Pechey | Marc Suhrcke | Susan A. Jebb | Theresa M. Marteau

In-store product placement is perceived to be a factor underpinning impulsive food purchasing but empirical evidence is limited. In this study we present the first in-depth estimate of the effect of...

[“This is the medicine:” A Kenyan community responds to a sexual concurrency reduction intervention](#)

May 2014

Amelia Knopf | Kawango Agot | John Sidle | Violet Naanyu | Martina Morris

We report the results of the first study designed to evaluate the feasibility and acceptability of an HIV prevention intervention focused on concurrent sexual partnerships. Mathematical models and longitudinal...

[What factors influence the use of contracts in the context of NHS dental practice? A systematic review of theory and logic model](#)

May 2014

Rebecca Harris | Sarah Mosedale | Jayne Garner | Elizabeth Perkins

UK NHS contracts mediate the relationship between dental and medical practitioners as independent contractors, and the state which reimburses them for their services to patients. There have been successive...

[Poverty and mental health: Towards a research agenda for low and middle-income countries. Commentary on Tampubolon and Hanandita \(2014\)](#)

Available online 12 April 2014

Crick Lund

[The expressivist objection to prenatal testing: The experiences of families living with genetic disease](#)

April 2014

Felicity Kate Boardman

The expressivist objection to prenatal testing is acknowledged as a significant critique of prenatal testing practices most commonly advanced by disability rights supporters. Such writers argue that...

[Neighbourhood cohesion and mental wellbeing among older adults: A mixed methods approach](#)

April 2014

Jane Elliott | Catharine R. Gale | Samantha Parsons | Diana Kuh

There is now a body of evidence that demonstrates strong links between neighbourhood characteristics and mental health and wellbeing. There is an increasing interest in how this relationship varies...

[Socioeconomic and geographic inequalities in adolescent smoking: A multilevel cross-sectional study of 15 year olds in Scotland](#)

April 2014

K.A. Levin | R. Dundas | M. Miller | G. McCartney

The objective of the study was to present socioeconomic and geographic inequalities in adolescent smoking in Scotland. The international literature suggests there is no obvious pattern in the geography...

[Barriers in access to healthcare in countries with different health systems. A cross-sectional study in municipalities of central Colombia and north-eastern Brazil](#)

April 2014

Irene Garcia-Subirats | Ingrid Vargas | Amparo Susana Mogollón-Pérez | Pierre De Paepe | Maria Rejane Ferreira da Silva | Jean Pierre Unger | María Luisa Vázquez

There are few comprehensive studies available on barriers encountered from the initial seeking of healthcare through to the resolution of the health problem; in other words, on access in its broad domain....

[Changing policy and practice: Making sense of national guidelines for osteoarthritis](#)

April 2014

Bie Nio Ong | Andrew Morden | Lauren Brooks | Mark Porcheret | John J. Edwards | Tom Sanders | Clare Jinks | Krysia Dziejczak

Understanding uptake of complex interventions is an increasingly prominent area of research. The interplay of macro (such as changing health policy), meso (re-organisation of professional work) and...

[Valuing patients' experiences of healthcare processes: Towards broader applications of existing methods](#)

April 2014

Mandy Ryan | Philip Kinghorn | Vikki A. Entwistle | Jill J. Francis

Healthcare policy leaders internationally recognise that people's experiences of healthcare delivery are important, and invest significant resources to monitor and improve them. However, the value of...
